Terms & Conditions

- Standards and Provision of Services:** The Service Recipient acknowledges and agrees to receive services in accordance with the Service Provider's standards of service and/or as mutually agreed upon prior to the commencement of services under this Agreement. The services provided by the Service Provider under this Agreement include, but are not limited to, standard vehicle maintenance, repair, replacement, and servicing of parts, engines, and materials, both interior and exterior, as well as registration procedures or any other actions related to the vehicle serviced. The Service Provider shall perform such services on behalf of the Service Recipient.
- Remedial Measures:** In the event that the provision of services under the contract incurs additional costs/services beyond those previously communicated to the Service Recipient, due to the condition of the Service Recipient's vehicle, the Service Provider shall contact the Service Recipient to obtain consent before proceeding further. Should the Service Provider be unable to contact the Service Recipient within a reasonable timeframe, or by 17:00 on the day the service is to commence, the Service Provider will take appropriate actions deemed necessary for the safety of the Service Recipient, under the cost reservation of the Service Provider, including but not limited to, the retention or return of documents, vehicles, equipment, or any other items related to the service.
- Appointment Changes:** The Service Recipient agrees and acknowledges that any changes to appointments after confirmation of service by the Service Provider must be communicated to the Service Provider at least 48 hours prior to the scheduled appointment. Any changes beyond this period may, at the discretion of the Service Provider, result in cancellation or alteration of the appointment or schedule, except in cases of necessity on the part of the Service Recipient (the Service Provider reserves the right to consider a charge of 50-100 THB for such appointment changes on a case-by-case basis).
- Property:** The Service Recipient certifies that they have removed all property and/or documents from the vehicle prior to service under this Agreement and waives any right to claim against the Service Provider in the event of damage, defect, or loss of any property or documents from the vehicle.
- Vehicle Condition:** The Service Recipient agrees and confirms that the condition of the vehicle or any damage is as per the photographs taken prior to the service and as specified in this Agreement (Vehicle condition) in every respect. Should the serviced vehicle exhibit clear damages beyond those shown in the photographs or specified in the Agreement, arising from the actions of the Service Provider and not due to the fault of the Service Recipient, the Service Provider agrees to fully compensate the Service Recipient for the actual damages incurred.
